

Federal Acquisition Regulation

Pt. 46

other requirements of the authority are satisfied.

[77 FR 12944, Mar. 2, 2012]

45.605 Inventory disposal reports.

The plant clearance officer shall promptly prepare an SF 1424, Inventory Disposal Report, following disposition of the property identified on an inventory disposal schedule and the crediting of any related proceeds. The report shall identify any lost or otherwise unaccounted for property and any changes in quantity or value of the property made by the contractor after submission of the initial inventory disposal schedule. The report shall be provided to the administrative contracting officer or, for termination inventory, to the termination contracting officer, with a copy to the property administrator.

[77 FR 12944, Mar. 2, 2012]

45.606 Contractor scrap procedures.

(a) The property administrator should, in coordination with the plant clearance officer, ensure that contractor scrap disposal processes, methods, and practices allow for effective, efficient, and proper disposition and are properly documented in the contractor's property management procedures.

(b) The property administrator should determine the extent to which separate disposal processing or physical segregation for different scrap types is or may be required. Such scrap may require physical segregation, unique disposal processing, or separate plant clearance reporting. For example, the scope of work may create scrap—

- (1) Consisting of sensitive items;
- (2) Containing hazardous materials or wastes;
- (3) Contaminated with hazardous materials or wastes;
- (4) That is classified or otherwise controlled;
- (5) Containing precious or strategic metals; or
- (6) That is dangerous to public health or safety.

(c) Absent contract terms and conditions to the contrary, the Government may abandon parts removed and re-

placed from property as a result of normal maintenance actions or removed from property as a result of the repair, maintenance, overhaul, or modification process.
